

**Part C**  

---

**Fire Resisting  
Construction**

**This Part contains three Sections:**

- **Section 1 – General**
- **Section 2 – Provisions for Fire Resisting Construction**
- **Section 3 – Fire Safety Provisions for Cinemas and Theatres**

## Section 1 – General

### Subsection C1 - Use of this Part

#### Clause C1.1

---

This Part provides the Deemed-to-Comply provisions on fire resisting construction and should be read in conjunction with all other Parts in this Code.

#### Clause C1.2

---

Authorized persons, registered structural engineers, fire safety consultants and any person responsible for the design of buildings may find this Part useful in ascertaining the requirements under the Buildings Ordinance for provisions of fire resisting construction.

#### Clause C1.3

---

This Part provides guidance on how the Performance Requirements on the provisions of fire resisting construction may be complied with.

### Subsection C2 – Performance Requirements for Fire Resisting Construction

#### Clause C2.1

---

Performance Requirements on the provisions of fire resisting construction are stipulated in Subsection A9 of Part A.
