- (c) The Government launched an operation to inspect all private buildings aged 50 or above in the territory in 2010 to determine whether these buildings are structurally safe. From 2010 to present, please list by year i) the number of buildings inspected in each year since 2010; and ii) the building conditions of the buildings inspected.

Asked by: Hon TAM Man-ho, Jeremy (LegCo internal reference no.: 412)

Reply:

- (a) Under the Mandatory Building Inspection Scheme (MBIS), building owners served with a statutory notice are required to appoint a registered inspector (RI) to carry out inspections and a registered contractor to carry out necessary repairs of their building. Since the implementation of MBIS in 2012, the number of buildings whose owners are served with statutory notices and inspected by RIs under MBIS in each year are tabulated below –

<b>Year</b>	<b>Number of buildings inspected by RIs under MBIS</b>
2013	29
2014	314
2015	530
2016	503
2017	378
2018	427
<b>Total</b>	<b>2 181</b>

- (b) The geographical distribution of buildings inspected by RIs under MBIS broken down by building age groups and RIs' assessment on building conditions is tabulated below –

The Buildings Department (BD) does not compile statistics on the severity of defects identified and the number of buildings with sub-divided flats found during the inspections by RIs under MBIS.

- (c) While BD has not conducted any study on the condition of old buildings, it has been implementing MBIS since 2012 which mandates building owners to conduct building inspection and carry out necessary repair works.
