

15 June 2022

To: All Authorized Persons
Registered Structural Engineers
Registered Geotechnical Engineers
Registered Inspectors
Registered General Building Contractors
Registered Specialist Contractors
Registered Minor Works Contractors

Dear Sir/Madam,

**Electronic Certificates of Registration for
Registered Building Professionals and Registered Contractors**

I am pleased to inform you that for registration applications submitted on or after 30 June 2022, the Buildings Department (BD) will issue certificates of registration under the Buildings Ordinance in electronic form (e-Certificate)¹ to the applicants via the email addresses provided in the specified forms. Applicants who are Registered Inspectors and Registered Minor Works Contractors (Individual) will also receive the registration cards.

2. A QR code linking to the e-Certificate holder's registration information (i.e. name, registration number and date of expiry of the registration) in BD website will be printed on the e-Certificate and the registration card for ease of reference.
3. The QR code will also be shown on the QP cards for Qualified Persons.
4. For the avoidance of doubt, the certificates of registration already issued by BD are still valid up to the date of expiry of registration.

Yours faithfully,

(TAM Wing-cheung)
Assistant Director/Corporate Services
for Building Authority

¹ Applicants may opt for hard copy of certificate of registration by ticking the appropriate box in the specified forms.
