

8 August 2022

To: All Qualified Persons

Dear Sir/Madam,

### Full Launch of Mobile Application – “WIN SAFE”

Further to my letter of 31 May 2022 introducing the new mobile application – “WIN SAFE” for registration by Qualified Persons (QPs), I am pleased to inform you that the Buildings Department today launched “WIN SAFE” for public use.

“WIN SAFE” facilitates property owners to search and appoint QPs for early compliance of the Mandatory Window Inspection Scheme (MWIS) notices so as to ensure building safety. It also provides a platform for owners and QPs to discuss window inspection services. To promote the wider use of the mobile application, you are invited to encourage owners to download “WIN SAFE” from the App Store/Google Play/AppGallery or simply scan the QR codes<sup>1</sup> below to register for use.

Thank you for your active support to make “WIN SAFE” a popular and useful tool under the MWIS.

Yours faithfully,

(NG Pelene)

Assistant Director/Mandatory Building Inspection  
for Director of Buildings.

<sup>1</sup> “WIN SAFE” is applicable to mobile devices running on iOS and Android platforms.
