Dear Sir / Madam,

**Code of Practice for Fire Safety in Buildings 2011  
Corrigenda & Addenda**

To keep in pace with the development of the building industry and to meet the changing needs of users while upholding building safety standards, the Code of Practice for Fire Safety in Buildings 2011 (FS Code) has been kept under regular review in partnership with relevant experts and stake-holders. Consequential addenda or corrigenda for improvements or clarifications are issued as necessary to facilitate convenient reference.

Subsequent to the corrigenda issued in January 2013, I would like to announce, with immediate effect, corrigenda and addenda of even date of this letter. Details have been uploaded to the website of the Buildings Department at [www.bd.gov.hk](http://www.bd.gov.hk) and will be incorporated in the FS Code together with previous corrigenda.

Yours faithfully,

(LEUNG Tung Choi, Thomas)  
Assistant Director / New Buildings 1  
for Building Authority
