

### **Practice Notes in Force**

The Building Authority (BA) issues practice notes to Registered Contractors (RCs) from time to time to promulgate how he applies and enforces the provisions of the Buildings Ordinance (BO) and its subsidiary regulations as well as other administrative and advisory matters in the administration of the BO related to RCs.

#### **Practice Notes in Force**

2. To afford instant updating of information and for environmentally friendliness, all Practice Notes for Registered Contractors (PNRCs) will be disseminated via BD's website and issue of hardcopies thereof will cease forthwith. In this connection, we have revamped the webpage of PNRCs adding more features which aim to enhance the search function and navigation. Premised on these built-in new functions, the indexes indicated in the footnote of the extant PNRCs will become redundant and will be deleted as and when the PNRCs are revised in future.

3. The list of PNRCs in force would be kept updated on BD's website (<http://www.bd.gov.hk>).

4. PNRCs have proven to be useful platforms in our dissemination of information to the RCs. I hope you will find the aforesaid new arrangements for issue of PNRCs both user and environmentally friendly. With your support, we can help contribute towards a more sustainable society.
