

**Summary of Decisions of the Building Committee  
Building Committee I 19/2017 held on 5.6.2017**

(a) BCI 1 19/2017

Issue : Non-provision of service lane.

Decision : The committee noted that there was no existing lane in the vicinity and a lane pattern would unlikely be created in future. Having also considered the layout of the sites and buildings in the vicinity, the committee had no objection in principle to the non-provision of service lane subject to further justifications that the proposed access for refuse collection is efficient.

(b) BCI 2 19/2017

Issue : Application for hotel concession.

Decision : Noting that the proposal generally met the criteria set out in PNAP APP-40 and no adverse comments received from other relevant departments, the committee had no objection to the granting of hotel concession under B(P)R 23A.
