

**Summary of Decisions of the Building Committee
Building Committee I 43/2017 held on 12.12.2017**

(a) BCI 1 43/2017

Issue : Excessive storey height.

Decision : Having regard to the functional and operational needs of the concerned premises and no adverse comment from relevant departments, the committee had no objection in principle to accept the proposed headroom subject to AP's plan amendments and further justifications.

(b) BCI 2 43/2017

Issue : Exclusion of voids in houses from GFA calculations.

Decision : The committee considered the design and had no objection to exclude the voids from GFA calculation.
