

**Summary of Decision of the Building Committee**  
**Building Committee I 26/2021 held on 27.7.2021**

(a) BCI 1 26/2021

Issue : Alternative approach for waiving low zone assessment for building separation.

Decision : Having regard to the characteristics of the site in respect of surrounding pedestrian networks and compensatory measures, the Committee had no objection in-principle to waive the building separation requirement at the low zone.
