

Summary of Decisions of the Building Committee
Building Committee II 25/2005 held on 12.7.2005

(a) BCII 1 25/2005

Issue : Proposed conversion of an existing 3-storey warehouse into a 4-storey industrial building with portion of width of the EVA not meeting the requirement.

Decision : The committee, having considered the site situation and FSD's advice, accepted the proposal.

(b) BCII 2 25/2005

Issue : Portion of EVA was of inadequate width for a proposed 6-storey school building and an ancillary hall building.

Decision : The committee, having considered FSD's advice, accepted the proposal.
