

Summary of Decisions of the Building Committee
Building Committee II 15/2005 held on 2.5.2007

(a) BCII 1 15/2007

Issue : Non-provision of FRP to enclosures for the liftwells and lift landing doors in a concourse building.

Decision : Noting that the liftwells were within a single compartment, the committee agreed to the proposal.

(b) BCII 2 15/2007

Issue : Non-provision of flue apertures for gas water heaters to the bathrooms in the domestic flats of a composite building.

Decision : Having considered the issue, the committee did not identify any special circumstances to grant a modification.
