Alternative Requirement	TD	
	Qualification	Experience
8 For the relevant class and type of minor works only	TD of a RMWC(Co) who has been accepted to act for the contractor for the relevant class and type of minor works	---

Notes:

(a) Academic Qualification

The certificate, diploma or higher qualifications should be in the field of construction technology such as architecture, building studies, building surveying, civil engineering and structural engineering. Academic qualifications in other fields of studies may also be considered with regard to the relevance of the curriculum in relation to the types of minor works under application, e.g. a relevant certificate in the field of building services engineering with building technology modules may be considered for the purpose of application for registration as RMWC (Co) in Type E minor works (works relating to structures for amenities) and Type H minor works (works relating to ventilation system inside building). General guidelines on acceptance of academic qualifications for the purpose of minor works contractors' registration are detailed at Appendix H.

(b) Endorsement of Experience

The applicant has to substantiate his working experience in building industry and in his involvement in the relevant items of minor works. The following certification would be acceptable:

For experiences relating to any class of minor works

- (i) Endorsement from the employer/building owners of the project;*
- (ii) Endorsement from the Authorized Person / Registered Structural Engineer / Registered Geotechnical Engineer / Registered Inspector / government architect, government engineer and government surveyor / registered architect, registered professional engineer, registered professional surveyor / and registered contractor of the works project; or*
- (iii) If the person was self-employed or endorsement from the employers cannot be obtained, other documentary justifications e.g. specified forms under the BO, client's certificate on completion of works, clients' payment certificate, contract documents, accepted works orders and quotation documents, which can justify the person's experience.*

For experiences relating to class III minor works only

- (iv) *Endorsement from recognised trade associations and labour unions; or*
- (v) *Statutory declaration in the presence of a Justice of the Peace or a lawyer, or a declaration under oath in front of specially assigned officer of the Buildings Department. However, applicants may only declare not more than 2 years of experience by the means of statutory declaration.*

Experience shall be relevant to the class and type of minor works applied for. The number of minor works items specified in the table is referring to each individual type of the minor works being applied for. Nevertheless, an item of minor works may be counted as the experience for more than one type of minor works so long as the nature of the works is relevant to the type of minor works under application.

(c) Top-up course certificate for registered general building contractor

This requirement is only applicable to those applicants who have made use of the top-up course to submit applications for registration as RGBC or RSC before 2 July 2002.

(d) Top-up course certificate for registered minor works contractor

This requirement is only applicable to those applicants who have completed the top-up course and have submitted applications for registration within a period from time to time as announced by the BA.

(e) Experience in Managing a Building Contractor Company

Experience in managing a building contractor company should be substantiated by a proof of directorship or ownership of the company. The claimed experience should also be substantiated with project details (e.g. specified forms under the BO, client's certificate on completion of works, clients' payment certificate, contract documents, accepted works orders and quotation documents, etc.) to demonstrate that the company was an active contractor.

- (f) *An AS whose last acceptance by the BA is more than 3 years preceding the current application should submit a minimum of one job reference as described in Appendix M, otherwise he may have to attend an interview with the MWCRC indicating his involvement in the building industry in the past 3 years.*

3. For the purpose of registration of RMWC (Co), an applicant satisfying the qualifications and experience required for registration as RGBC given in PNRC 38 is deemed to satisfy the requirements set out in this Appendix. Those required of RSC(D) are also acceptable provided that the application is for the Type G of minor works that an RSC(D) is allowed to carry out under section 28 of the B(MW)R.
